

Create a spooky, haunted, creepy-looking house or building to help us make a Historic Halloween Haunted Village walk at the Rassbach Museum! Call us at the museum at 715-232-8685 to let us know you want to participate. You can build your own from scratch, or we have a limited number of “blank” houses for you to use as a start.

The base for your haunted house or building may not exceed 12” x 12” and we ask that you also write a short story describing its haunted history. This will be on display next to your creation.

Entry into the Historic Haunted village is \$5.

Paper mache houses are available for \$10 each (*this includes your entry fee*). There is a limited supply of these houses, and you can pick them up at the Rassbach Museum.

Entries must be finished and dropped off at the Rassbach Museum by October 15. Your house and story will be on display at the museum through Halloween!

Tours to view the Historic Haunted Village will be scheduled to ensure safety and social distancing. Visitors will vote on their favorites in two categories kids and adults.
